

# Looking For A Faster, Easier Biennial Budgeting Process?

Tired of spending a ton of time on murky biennial budgets? See how ClearGov simplifies the budgeting process, reducing overall time spent making and adjusting budgets.

## Challenges of Traditional Biennial Budgeting

### Year One

A lot of time and effort spent developing the budget

### Year Two

Loss of time due to budget amendments and mid-biennium review

### Year Three & Beyond

Compounded difficulty and uncertainty forecasting further into the future

## Benefits of ClearGov for Biennial Budgeting

### Year One

Knock out a two-year actual budget in a fraction of the time with simplified multi-year forecasting

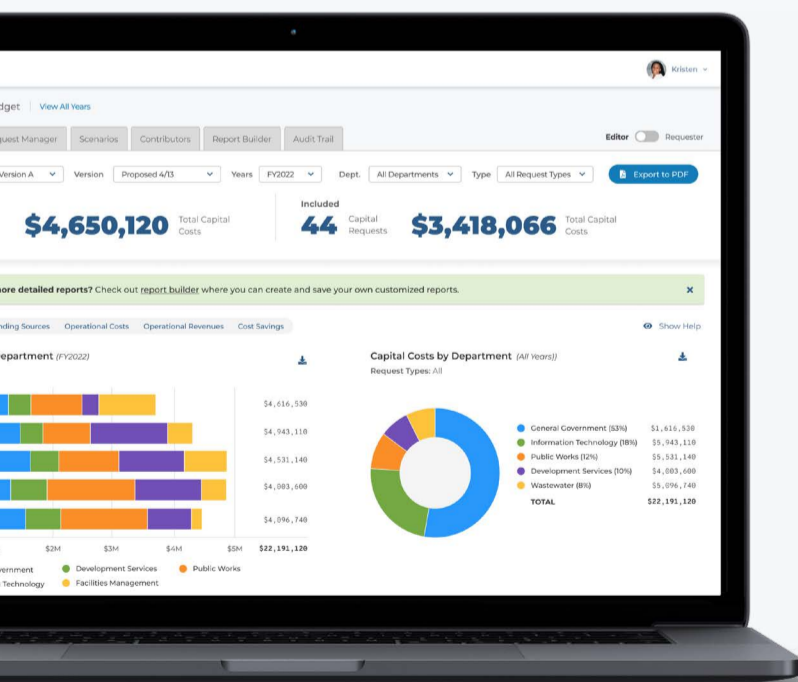

### Year Two

Use free time to work on other projects, not revising the budget

### Year Three & Beyond

Long-term, strategic vision comes into focus with better multi-year forecasting

See how ClearGov modernizes your budgeting process, making biennial budgeting even easier.
